III. DISCUSSION ITEMS

A. Governing Board Fiduciary Oversight of the Defined Contribution Pension Plan.

Tim Greene, Associate Vice President of Plan Administration, presented background information relative to the responsibilities of the Board of Trustees in regard to HB 04-1007 requiring periodic review of the college's (401a) Defined Contribution Pension Plan (DCPP), also referred to as the Optional Retirement Plan (ORP), for Faculty and Administrative Staff. A component of this review was the presentation of findings of the study completed on behalf of the college by Gallagher Benefit Services, Inc. The discussion resulted in the recommendation to accept the findings of the ORP report. A motion was made to accept the findings of the ORP report. The motion was seconded and approved.

An additional outcome of this discussion was that staff agreed to research adding flexibility to allow for loans against an individual's retirement plan, changing investment options to include energy funds, and the possibility of adding the ORP option for PT faculty.

B. Financial Statements as of March 31, 2006

The only area of note was the timing and receipt of COF payments and the impact on the increase in tuition and fee revenue over the same period FY2005.

C. Budget Review FY2006

The revised FY2006 budgets were presented. The only adjustment made to the state appropriated budget was a reduction of \$600,000 for spring enrollment. Auxiliary budgets were revised to reflect accurate yearend projections.

D. Budget FY2007

A preliminary draft of the FY2007 Budget was reviewed and discussed. The anticipated FY2007 revenue for the college includes an increase of \$180 in the COF reimbursement for 30 credit hours, a Fee-for-Service allocation, and a tuition increase of 2.5%. Proposed uses for new revenue will be mandatory costs and support of initiatives tied to the four planning themes of the draft Strategic Plan. More details will be provided at the May 3rd Board meeting and the June Finance Committee meeting.

E. Intercollegiate Athletic Fee Increase for 2006-07

A proposal has been made that would increase the Intercollegiate Athletic Fee by \$3.00. This increase comes with the support of the Student Fee Review Panel and Student Affairs. Additionally, the proposal has been reviewed by the Cabinet, The Vice Presidents, and the President. The primary reason for the increase is related to compliance with Title IX standards. A request was made to receive an update on the status of the Athletics program from Joan McDermott.

F. Internal Auditor Update

Steve Gonzales provided an update including progress on the completion of the Internal Audit webpage. Discussion also included plans to promote the Internal Audit presence and introduction to key areas on the campus.
