KEEPING POOLS SAFER AND OPEN

We believe we can make a difference by encouraging more aquatic activity, making pools safer, and keeping them open. We do this by offering products and programs that are technically sound, convenient, and beautifully designed. Our products are designed to deliver excellence in education and cutting-edge research.

Boost your credibility by taking this class and learning the critical information to help reduce risk and improve water quality.

ONE CERTIFICATION HAS ACHIEVEMENT WRITTEN ALL OVER IT.

WHY A CPO® CERTIFICATION?
The NSPF® Certified Pool/Spa Operator® Certification is recognized by local and state authorities as the most widely-accepted, verifiable pool and spa training credential. Each year, more than 30,000 professionals learn how to more efficiently operate safer aquatic facilities with this program. The CPO® Certification is valid for five years. This is an approved National Environmental Health Association course which will earn you 16 CEUs.

The CPO® Certification course will help you understand how to:

- Operate a pool more easily and efficiently – saving time and money
- Reduce chemical, electrical, biological, and physical hazards – protecting users & employees
- Comply to key safety regulations – reducing liability and risk of closure

HOW TO EARN YOUR CPO® CERTIFICATION
CPO® Certification training is offered in two formats for busy professionals.
1. A two-day course in a classroom setting
2. The blended approach
   Pool Operator Primer™ online class followed by Pool Operator Fusion™ one-day in-classroom learning.
CPO® Certification requires successful completion of classwork and exam. Both formats include the chief industry resource NSPF® Pool & Spa Operator™ Handbook, also available in Spanish.

ADVANCED TRAINING
Aquatic venues are exceptional avenues for healthy activities. Yet, the water environment also brings unique hazards including drowning, recreational water illness, suction entrapment, chemical exposure, and slip and fall injuries.

We offer a library of advanced, specialized, online training that can be taken anytime, anywhere from the convenience of your computer, including:

- Field Service Professional Training
- Aquatic Management Series
- Certified Pool-Spa Inspector™
- Aquatic Play Feature™

EARN THE MOST PRESTIGIOUS CERTIFICATION.
