**Junior Recital Requirements**

A Junior Recital Hearing before at least one full-time faculty member and the student's teacher is required of all students wishing to perform a Junior Recital. To request a hearing, the student should complete a *Junior Recital Hearing Request* form and submit it to the Music Department office at least six weeks prior to the desired recital date. The hearing must be held at least three weeks before the recital. Six copies of the recital program in final form must be submitted to the Music Office on the day of the hearing.

The Junior Recital must be performed within six weeks of successful completion of the hearing and all repertoire and performers must remain the same.

I have read and understand the requirements for performing a Junior Recital.
