Chronological or Thematic?
The Investiture Controversy:

- The Bishopric in Milan the focal point.
  - Henry IV (1056-1106) wanted control of Milan because it gave him control over the North Italy.
  - Gregory wanted to strengthen his control over the church, and keep Henry at bay.
  - Henry deposed Gregory; the latter excommunicated the previous.
  - Canossa 1077.
- Failed to solve the Investiture Controversy:
  - Later solved in 1122.
From the Black Death to Renaissance

- Dante (1265-1321)—the bridge between the medieval world and the Renaissance.
- Giotto’s *Lamination*
- Francesco Traini’s *Triumph of Death*.
- The Father of Humanism: Francesco Petrarch (1304-1374)
  - History, Poetry and Literature.
  - Views of Medieval institutions.
  - *Letters to the Ancient Dead*
  - View of History.
  - Sapientia et eloquentia.
- Lorenzo Valla (1407-1457) philology.
- Hermeticism.
