Requirements for an Overload Exception

- 1. Consult the applicable GPA and MSU Denver credit hour chart below to determine whether or not you are required to obtain additional signatures outside of your own. Please note: Regardless of your GPA or credit hour standing, you may still apply for an overload, but must obtain the signatures of the Department Chair and Dean of your major first if you fall under the listed thresholds.
- 2. Approval of the the overload request DOES NOT guarantee your ability to enroll in the class(es). Your credit maximum will be increased if the request is approved, but this does not exempt you from any course restrictions (pre-requisites, corequisites, class standing, closed class, etc.). If you meet the requirements to register for the course, but the course is closed/full, you may be able to add yourself to the waitlist (if available).
- 3. If registration for your overload course(s) occurs before the payment deadline, you will be responsible for payment of your account balance and any incurred service charges. Registration after the payment deadline will result in a service charge on your account if payment is not received by the 7th working day of the month. Service charges will not be assessed on authorized financial aid students.
- 4. SIGNATURES: The Department Chair and Dean signatures, if required, are those from the department and school/college of your declared major. If you are admitted to a School of Education licensure program, and your major resides outside of the School of Education, you must obtain signatures from the Chairs and Deans of both your major, and your School of Education program.
